EF30 - Clean Face Electric Fireplace

A clean face modern electric fireplace that looks great in both a mantel or drywall installation! The superior flame image and natural looking log set truly reflects the appearance of a real burning fire. Tinted reflection panels give the illusion of a deeper, larger firebox. The three stage heater and WHISPER QUIET™ fan, which can be conveniently thermostatically controlled, provides a warm, comfortable environment.

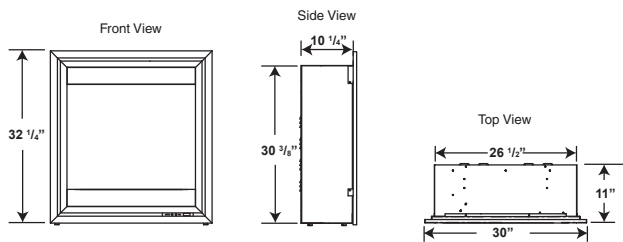

Available with realistic log ember bed...

... or available with Napoleon's exclusive CRYSTALINE™ ember bed

Napoleon® Exclusive Features

- Available as a firebox only or complete with a mantel package
- Two models to choose from - exclusive CRYSTALINE™ ember bed (EF30G) or realistic burning logs (EF30)
 - 5000 BTU's/1500 watts heating capacity
 - Easy installation in both a mantel or in drywall
 - Offers an open view of the fire with it's luxurious pewter finish and modern frame design
 - Tinted reflective panels give the illusion of a deeper, larger firebox
 - Adjustable ember bed and flame control
 - 3 stage WHISPER QUIET™ fan and heater with thermostatic control keeps your comfort level exactly where you want it
 - Easy access on/off switch
 - Comes complete with a convenient remote that controls (with 7 different adjustments) the flame appearance, the ember bed intensity as well as the three stages of the heater output
 - Operating with or without heat allows you to enjoy your fireplace all year round
 - Pre-wired for optimal wall mount thermostat installation
 - Four extra light bulbs are included
 - Perfect for any room in the house
 - Go Green with Napoleon® - no emissions, no pollution, 100% energy efficient

Designer Features

Casaloma EF31 - Cozy Ambiance

The Casaloma electric fireplace imitates the look of a traditional masonry fireplace but with all the convenience of simply plugging it in, sitting back and enjoying the radiant glow and heat! Napoleon's FLAMATION technology randomly adjusts the flame effect, height & speed creating the illusion of a true wood burning fire. Finely detailed PHAZER logs, glass front and flush face design add to the traditional masonry look and feel. Available as a single unit or complete with a cabinet package in flat wall or corner style. An irresistible choice for any house, condo or apartment.

Napoleon Exclusive Features

-  Available as a firebox only or complete with a mantel package (mantel available in corner or flat unit)
-  Comes complete with Napoleon's exclusive PHAZER log set
-  FLAMATION technology randomly adjusts the flame effect height and speed, creating the illusion of a true wood burning fire
 - 5,000 BTU's/1500 watts heating capacity
 - Plugs into any 120V electrical outlet
 - Compact size of 31 1/4" w x 24 1/8" h making installation perfect anywhere and easily relocated
 - No louvres with a frameless, clean face design featuring a full viewing area from floor to top of firebox
 - Optional decorative pull screen available
 - Optional decorative door kit in hammertone pewter finish available
 - Optional plug-in remote control available

EFC32 - Curved Wall Mount

An electric fireplace with a clean, crisp contemporary design and all the convenience of simply hanging, plugging it in and enjoying! The EFC32 features a sleek, curved bay glass front and a modern stone ember bed. The EFC32 comes complete with a 110V heater featuring three settings and a convenient hand-held remote control that controls heat output and flame intensity. The ultra thin design allows a minimal 6" protrusion from the wall, perfect for creating the ultimate retreat in any room.

Napoleon® Exclusive Features

-  • Curved front glass provides a unique contemporary artwork design
-  • Stone ember bed can easily switch to optional glass embers in a variety of colours
-  • Sleek, thin design protrudes only 6" from wall
 - 5000 BTU's / 1500 Watts heating capacity
 - Standard modern white stone ember bed complements the contemporary design of the fireplace
 - Switch out the river rocks for a sparkling elegant effect with one of the optional coloured glass media kits (Blue, Amber, Black, Red, Clear and Topaz)
 - Convenient on/off remote that controls heat output and flame intensity comes standard
 - Plugs into a standard 120V electrical outlet
 - Easily hangs on the wall with a built-in bracket
 - Perfect for any room in the house

EF39 - Modern Elegance

A display of modern artwork and an elegant fireplace all in one. The EF39 electric fireplace simply hangs on your wall like any artwork and plugs into a standard electrical outlet. Instantaneously, your room is easily transformed into a relaxing and intriguing retreat. Perfect for any room in a house, apartment, condo, office or spa. The EF39 offers you the most versatility, limited only by your imagination.

Napoleon® Exclusive Features

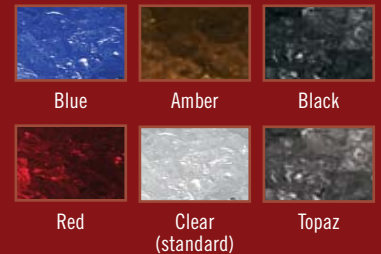

-  • Specifically designed for an "eye-level" location, perfect for above a couch or beneath a flat screen TV
-  • Exclusive **CRYSTALINE™** ember bed sparkles with modern elegance
-  • Two models to choose from - EF39HD wall mount fireplace with heater or EF39S wall mounted fireplace without heater
 - 5000 BTU's / 1500 Watts heating capacity (EF39HD)
 - Easy installation... simply hang, plug in and enjoy
 - Modern artwork design with elegant glass front
 - Sleek 7 1/4" depth for flush wall hanging (EF39HD)
 - Comes complete with a convenient remote, turning the fireplace on & off and also controlling the ember bed intensity & heater
 - Easily accessible on/off switch
 - Clear **CRYSTALINE™** embers (included with unit) can be replaced with a selection of different colours to enhance the appearance and match your decor (Blue, Amber, Black, Red and Topaz)
 - Go Green with Napoleon® - no emissions, no pollution, 100% energy efficient
 - Easily hangs on the wall with a built-in bracket
 - Perfect for any room in the house

Designed for Wall Recess

EF39S (no heater) designed for either wall mount or recessed installation (shown above) - ideal for beneath sensitive electronic equipment.
